Confirmation No. 1945

Filed: December 21, 2001

Examiner: Mis, David C.

For: TDMA TRANSMIT FREQUENCY GENERATOR SUPPRESSING FREQUENCY JUMPS  
CAUSED BY FEEDBACK (as amended)

**SUPPLEMENTAL AMENDMENT**

Commissioner for Patents  
PO Box 1450  
Alexandria, VA 22313-1450

Sir:

This supplements the Amendment filed on December 16, 2003 in response to the Office Action mailed October 17, 2003, which set a period for response ending on January 17, 2004. A Petition for a one-month extension of time, together with the requisite fee for same, is submitted herewith, thereby extending the period for response to February 17, 2004.

The following amendments and remarks are respectfully submitted. Reconsideration of the drawings is respectfully requested.

**AMENDMENTS TO THE DRAWINGS:**

In item 7 on page 5 of the October 17, 2003 Office Action, the Examiner objected to the drawings "because the blocks that ... [can] not be readily identified must be labeled with descriptive legends." In response to the drawing objections, replacement FIGS. 1-13, together with marked up copies showing the changes that have been made are submitted herewith. Blocks with distinctive shapes or a graphical indication of function, such as oscillator 2, amplifier 4 and antenna 5, have not been labeled with descriptive legends. Approval of these changes to the drawings is respectfully requested.

If additional labels are required or any other formal matter needs to be addressed, the Examiner is respectfully requested to contact the undersigned by telephone, as requested in the Amendment filed on December 16, 2003.
